CPOC Realignment Data Collection

Please refer to the definition list here to see modifications made in track changes mode: http://goo.gl/XqGdf .

Each month is collected separately in this form. For example:please submit the information for each month for July,August, and September separately. You will make 3 submissions total. This form is "always available", if you want to enter data as it is completed, however CPOC will only be requesting it quarterly. Each item is collected by month. These are not meant to be running totals or aggregate counts.

***For question 9(PRCS Completions) and 14(Mandatory Supervision Completions), these questions are meant to capture completions of supervision. Since there is a range of terminology in counties, there were slight modifications to the wording. Further, the completions categories for PRCS(Questions 3,4,5, and 6) are meant to be subsets of 9 for PRCS completions, and 13/15 respectively. There is added language around which questions are meant to be a subset of others.

Due dates are as follows, which have been moved up as to cause less conflict with other reporting due on the 1st of each month:

April - June 2013: August 1
July-September 2013: November 1
October-December 2013: February 1

January-March 2014: May 1

Please email Kevin O'Connell (koconnell@cpoc.org) with question regarding definitions.
