The Chief Probation Officers of California Foundation (CPOCF) is excited to announce a 5-part virtual **Foster Care Fiscal Training Workshop** series. The first training session will be held on **Wednesday, May 22, from 9am to 12pm PST.**

This training series was developed to (1) inform probation departments of the various foster care funding opportunities available to them; (2) provide practical application to appropriate foster youth populations; and (3) gain knowledge of accessibility, eligibility requirements and understand the claiming processes.

This first session of the learning series will focus on the Excellence in Family Finding, Engagement and Support Program (EFFES) and Flexible Family Supports and Home-Based Care funding. Participants will learn about these foster care funding opportunities, have the ability to apply the information they learn to identify allowable activities and apply the requirements to meet the needs of their youth. [This workshop is designed for placement probation officers, supervisors/managers, and fiscal staff responsible for department budgets and submitting foster care claims.](#)
