

Public Safety Assessment Tool (PSA)
Violent Offense Flag
UPDATED FINAL VERSION
9/23/25

The schedule is for use when scoring the Public Safety Assessment (PSA) Risk Assessment Tool.

When the schedule refers to a section, it includes all subdivisions (e.g., PC 245 = 245(a)(1), (a)(2), (a)(3), etc.). When the schedule refers to a specific subdivision within a section, only the subdivision is included (e.g., PC 368(b), (c) and (f) are on the schedule, but 368(d) and (e) are not).

For the purposes of completing the PSA, an offense is categorized as violent if a person causes or attempts to cause physical injury through use of force or violence against another person. To ensure fidelity to the PSA and consistency with its underlying research, this definition *must* be used. You may not use a different definition based on state law or local policy.
